

What is *Oilop*?

...It's Polio spelled backward.

Rotary is an international leader in the effort to eradicate polio. In the last 30 years, we have immunized 2 and a half billion children. As a result, this disease has almost been eliminated.

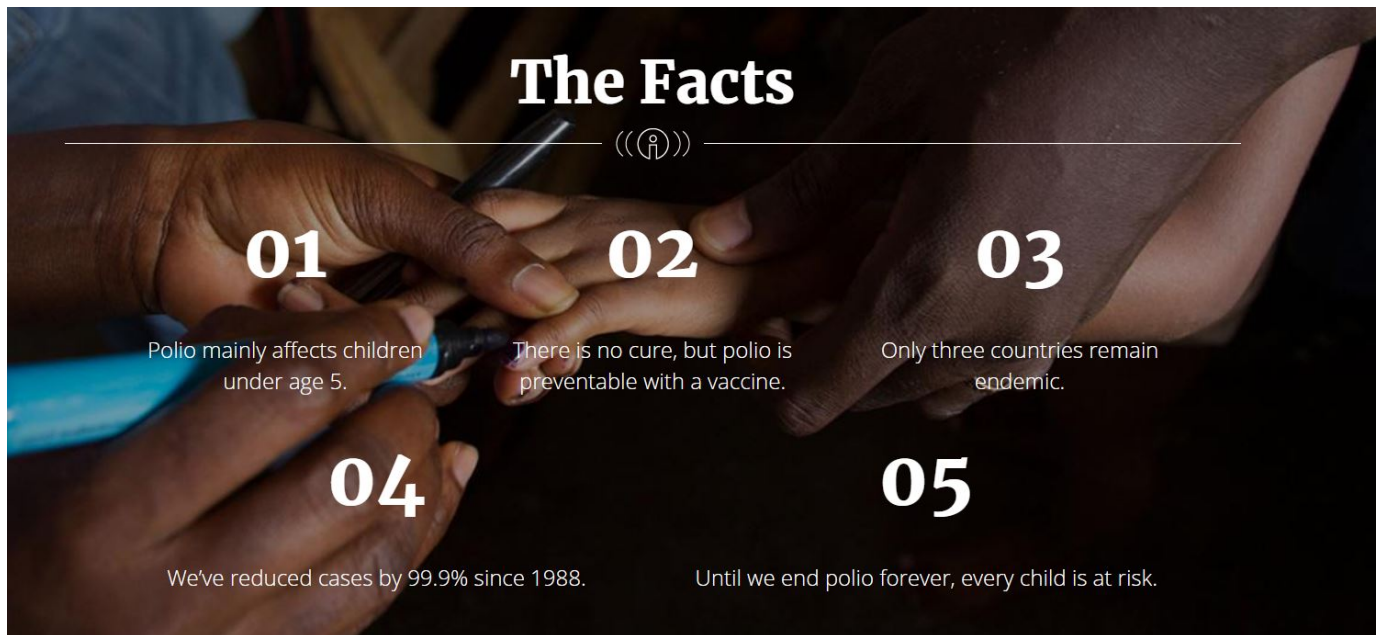

We encourage you to explore our new website by participating in our ***"Oilop" Treasure Hunt.***

Instructions:

"Oilop" is scattered across 12 different locations within our website. Make a note of every "oilop" you find, and send the list to Rita in the Rotary office at ritaf@milwaukee Rotary.com.

For every "oilop" you find, we will contribute a \$5 donation in your name to the Rotary Foundation, up to \$25, toward polio vaccines.

This donation will help in effort toward our goal of a polio free world, so start scrolling!

The Facts

01 Polio mainly affects children under age 5.

02 There is no cure, but polio is preventable with a vaccine.

03 Only three countries remain endemic.

04 We've reduced cases by 99.9% since 1988.

05 Until we end polio forever, every child is at risk.
